Eight Hundred Thousand Dollars for Each Seminole Indian.

WASHINGTON, Dec. 17 .- The approach of the holidays was manifest in the house today. Few of the very few members in attendance paid ano attention to the proceedings. The committee ing a few bills of tertiary importance. The day was consumed in the consideration of a Florida claim bill, and the use adjourned without taking action

WASHINGTON, Dec. 17 .- The next bill was one appropriating \$50,000 to enable the secretary of war to acquire a good and valid title to the Fort Brown reservation in Texas. It was passed. On motion of Mr. Bynum (dem.) of Indi-ana, a bill was passed authorizing the St. Lawrence railway company to con-struct a bridge across the St. Lawrence river. Then the special order was secretary of the treasury to settle the account stated between the government and the state of Florida. This measure being in committee of the whole. Mr. Bullock of Florida moved the house resolve itself into such committees for consideration. But Mr. Burrows of Michigan proved a discommittee of Michigan proved a discommittee of Michigan proved a discommittee block. He demanded a discommittee of the succession of the demanded a discommittee of the whole of the demanded a discommittee of the whole of the demanded a discommittee of the whole of the demanded and the demand stumbling block. He demanded a division, and in a house which ought to be composed of 325 members there was a vote by the division of eight affirmative and two negatives. Mr. Burrows suggested that this was a bill that invoived the appropriation of \$500,000
raised the point of no quorum. And
no quorum appeared; but Mr. Burrows
relented and withdrew his point with
the understanding that no vote should
be taken today. The effect of this
agreement is that the bill will lose its
place and will be relegated to the calendar. The claim is to reimburse the state of Florida for expenses incurred in the Seminole war 1855-57. According to Dingley of Maine, there was but ninety-six Seminoles engaged in the out-break. Congress had already paid to the persons who had put down the out-break the amount of \$800,000 per In-

dian and now proposes to pay them \$2,000 per Indian additional. No action was taken on the measure, and then Myer, (dem.) Louisiana, annhunced the death of Senator Gibson of Louisiana, and as a mark of respect to the memory of the deceased, the house adjourned.

NEW TRANS-ATLANTIC LINE. Chesapeake and Ohio Railway Branches Out for Ocean Traffic

WASHINGTON, Dec. 17 .- Advices from London state that all the papers for organization of the Chesapeake & Ohio Steamship company, limited, have been signed and the capital all sub-scribed. The line is in the interest of the Chesapeake & Ohio railway, which owns a majority of the stock. Contracts have been awarded for the construction of six steamers. These steamers will make weekly sailings from New Orleans to England and addition steamers will be built (probably in America) as the line requires them.

November Exports and Imports. Washington, Dec. 17.-The statetoday snows the following exports and imports for the month of November: Exports, merchandise, \$37,721,545; gold, \$11,396,347; silver, \$4,883,986. Imports, merchandise, \$73,220,169; old, \$2,577.212; silver, \$2,721,214. Exrts of merchandise were \$12,381,992 ose than in November, 1891, and imports 88,529,662 more. In the same months 27,492 immigrants came into

Will Sail the Potom Washington, Dec. 17.—It is stated at the executive mansion that the presi-dent will probably take a few days' trip down the Potomac river during the Christmas holidays.

More Minery for Jews. Sr. PETERSBURG. Dec. 17 .- The Rus Sr. Petersburg. Dec. 17.—The Russian senate has promulgated a law requiring that Jewish artisans shall only reside in places where official boards of trade exist, the pretense being that the Jews can thus be kept more effectively under official regulation and supervision. Official boards of trade exist only in about 10 per cent of the towns in Russia. The decree therefore means a vast addition to the misery and op-pression under which the Russian Jews already labor. The object of the new law is believed to be to start the Jews to surring again and drive them over the frontier whether other countries are willing to receive them or not.

Chasing Murderers With Bloodhoun MORILE, Ala., Dec. 17.—J. A. Armstrong, tax collector of Butler county, Alabama, was waylaid, murdered and robbed this morning at Panther Creek bridge. His body was found riddled with builets. He was on a collecting tour and had about \$1,000 on his person. The people of the villages of the county are terribly excited. A mob is gathering at the scene of the murder and a pack of bloodhounds has been put on the track of the robbers.

Pronounced Him Sane. STILLWATER, Minn., Dec. 17 .- Before Peters, Seward's murderer, can be committed to the asylum at St. Peter, it is necessary that he shall be adjudged insane by a medical commission in the probate court. He was examined yesterday afternoon by Doctors Muller and Freligh, who adjudged him sane after an examination lasting over two hours. This produces a peculiar situation and is without precedent an-

Kaneas Bank Failure. Rentsvinks, Eas., Dec. 17.—The state bank at Cuba has closed its doors. The liabilities are \$33,000, and the assets unknown. The loss falls neavily on the farming community.

TO SHUT THEM OUT

Agents of the Principal Steamship Lines Appear Before

THE IMMIGRATION COMMITTEE

Emigrants by Steamship Agents, the Companies to be Responsible.

Washingson, Dec. 17 .- The agents of the principal steamship lines appeared before the joint committee on immigration in connection with the proposition of Senator Chandler to suspend immigration. Among those present were S. C. Neal, counsel for the International Navigation company; J. C. Wright, second vice president of the same line, and H. G. Atkinson and H. G. Hilken of the North German Lloyd. The International controls the Inman, Red Star and American lines of steamchips. Gustave H. Schwab, representing the various trans-Atlantic steamship companies, made a general statement in behalf of these companies. When Mr. Schwab, in his address, suggested that the examination of emigrants should be left to the European agents of the steamship companies, these agents being placed under heavy bonds, Senator Hill asked him how the United States could enforce these penalties on this side of the Atlantic when they were operative on the other side. The United States could have no jurisdiction over the European agents. Mr. Schwab said that the steamship companies were willing to be held responsible for their foreign agents.

At the conclusion of Mr. Schwab's address Senator Pfeffer asked if the companies would be willing to allow the United States officers to assist in the asymmetrics of amigrants before leave.

examination of emigrants before leavng Europe.

Mr. Schwab stated that the compa nies would not only permit but wel-come such assistance and supervision by United States agents. In saying this he represented all the continental lines, but not the English lines.

After January 1 they proposed of their own motion to discontinue carry-

ing steerage passengers, without any reference to legislation. Mr. Hale asked if this discontinuance would last during the spring and summer months, when there is danger of cholera. Mr. Schwab said he was not prepared to say how long it would last. Mr. Hale interrogated Mr. Schwab regarding the medical force which would be necessary to establish a force of the same of would be necessary to establish a foreign quarantine service. Mr. Schwab
believed that but two physicians would
be sufficient to conduct an examination of passengers before sailing. In
reply to further questions Mr. Schwab
said that his company would be willing to make such increase of medical
force as might be desired.

In discussing the question of establishing the quarantine in this country
instead of Europe, Mr. Schwab said
that the only means of establishing
such quarantine would be on board the
steamships. All vessels carrying steer-

steamships. All vessels carrying steer-age passengers should be detained for a period of not exceeding five days. He thought that under this system the cabin passengers would not take passage, but remain at home.

ATTRACTS ATTENTION.

The Hansome Window Display of the Model Hat Store.

Few people passed either way on Canal street yesterday that did not stop and admire the handsome window stop and admire the handsome window display made by the Model Hat Store. The arrangement of the goods is neat and tasty and the display is certainly worthy the words of praise uttered by all that saw it. The exhibit consists of hats in all the latest and most desirable blocks, gents' hosiery in fancy patterns, neckwear lately received from the eastern marts and initial handker-chiefs in attractive designs. The Model chiefs in attractive designs. The Model Hat Store rather pride themselves in their line of holiday novelties, and cor-dially invite the public to inspect their stock of goods. Low prices always the rule. The Model Hat Store,

Dettenthaler's Christmas.

Dettenthaler has a Christmas presen for everybody. He has a thousand well fed turkeys, fresh from the rural districts, whose souls have departed. well fed turkeys, fresh from the rural districts, whose souls have departed. He can supply spring chickens and ducks and every domestic fowl, single, in couples or in large parties. His stock of game is complete. Snipe, quail and partridge, duck, goose and prairie hen hover in his market place in flocks. Rabbits hang by their toes along his window frames, while deer, whose bowels are up in Autrim county, lie down by the oyster cans in peace. Lobsters, as beautifully pink as an Italian sunset, sit astride the bass and white fish and keep watch of the rush of customers. The fish and eels lie down together in the drifts of cracked ice and let the world wag on. In the big deep cans the oysters are holding a swimming tournament, interrupted occasionally by the big tin dipper. The ancient turtle on the wall hangs by a string, while the sword fish keeps steadily upon his course over the heads of the crowding customers. Such are some of the

CONSUMPTION.

A FEW FACTS ABOUT THIS DREAD DISEASE

Stated Succintly and Without Comment, From Which Yo Canu Draw Your Own Conclusions.

It is universally admitted that consumption presents the greatest difficulty which confronts the physician.

dreaded no discase presents so many accomire system. The word consumption in its

general sense means a consuming, a decaying or wasting away of the lungs.

To the physician it is important to ascertain the peculiar kind of consumption which affects his patient. It is necessary, therefore, that he be informed of the habits, employment's etc., of his rationt, Is it Broncolitis Is it a disease of the lung substance liseif! He must then treat it as the peculiar condi

tions may require.

There are forms of consumption, though. which find their exciting cause from the presence of irritating particles in the lung substance, inhaled from the mote-laden at-mosphere in shops, mines, factories, etc., and to which stone cutters, cutters, coal miner knife grinders, brass workers, natiers, saw makers, ect., are liable. This form is known as

Chronic Fibroid Consumption. And is due to particles of fine dust being car ried in the inspired air and on its way to the little air cells depos ted in the meshes of the one velvety coating of the large and small air tubes and air cells, causing irritation short, hacking cough, and sinking deeper and deeper into the soft tiesue, inducing inflam-mation which involves the glands, muscles nerves, air cells and blood vessels and flusily extending to the substance of the lungs. As the inflammatory process extends more and more the normal lung tissue is changed into a hard fibrous substance and a total obliteration of the nerves, blood vessels and air cells takes

After a time the metamorphic tissie softens and degenerates into pus, which may appear in the sputa or be absorbed into the lymphatic system, causes in the last stages even ing fevers, night sweats, loss of fiesh, cough, dyspeptic symptoms, general debility and shortness of breath. Of course, with the formation of pus there are cavities which gradually increase, and in time involve the whole of one or even both lungs, or at least destroy enough lung substance to cause

Dr. Copeland's New Lung Treatment gives positive relief and permanent cure in cases of bronchial asthma and bronchial catarrh. If you are suffering from wheezing, labored breathing, coughing, pains in the chest, soreness in the lungs. etc., try it.

NOW HE IS HAPPY

Mr. Christopherson Was Told That He Was Fatally Affected

But He Did Not Give Up Hope and Going to Drs. Copeland and Graham-Was Restored to Health-En-- thusiastic Praise

A large percentage of the cases of broughttie and consumption are exceed by extern.

In treating thousands of cases of enterth of all kinds, Dr. Copeland and his associates have developed their new lung treatment which cares bronchia: troubles and inciplent consumption as quickly and effectively as ordinary nasal cutured is cared. Read the diswing statement and be convinced of this

"Everybeds knows how I've been," said Mr.

"Everybeds knows how I've been," said Mr.

MR Christopherson, the well known tunion is
beginning the foliowing statement:

"You see I had the grip very bad, and afterward I fatied rapidly. I got weaker and
weaker until I was unable to do any work.
The doctors that I went to told me that one
lung was badly affected and partially gone
and that they could do nothing for me. So,
after trying every means that I round think of
to obtain reited, I went to Drs. opeland and
Graham, as I had head that they treated
such cases as unne very successfully. I did
not know I had catarrh buttl I we that the
as none of the physicians had told not that
fact, and I was surprised when Drs. Copeland
and Graham scanonstrated to me that they
was the cause of all sy trouble. You must
know how happy I was to diceaver that my
lungs were not in each bad shapens I had been
told, and that if the catarrh of the bronchtal
tubes was removed, my care would be a very

"The grip left my lungs and head in a very bad condition. I had an offensive discharge from the hose and incens was constantly dropping into the back part of my throat. I was bawking and splitting continually to dis-charge it.

was bawking and spitting continually to dis-charge it.

"I had a terrible cough, especially at might, and it deprived me of my sleep to such an ea-tent that I could get no rest at all. My shemach was niways natiscated in the morning, and during the day was very weak and painful. After eating I suffered so much that it was two or three hours before I could think of doing any work. My bowels were in a wretched condition, also.

"I had sharp pains through my tunes and between the shoulder blades whenever the weather would change, and when it would be stationary the pain was 24th. My limbs and shoulders were painful, and when at work it seemed as if my back would break.

PRESENT CONDITION. S5 A MONTH.

All Patients for All Diseases will be treated until cured for \$5.00 per month. This includes Consultation, Examination, Treatment and Medicine for all patients and for all diseases.

"Now I am so different that I hardly knew myself. My cough is gone and I feel no pains at all in the back or in the chest. My bewels are more regular than they have been for years. My shearch now bears three good mea sa day, and I have been tuit up and given strength, as breaching the world be. I am getting strenger every day and have been working hard and steadily for weeks. My chect's now no longer some to the touch, and my improvement has been so the touch, and my improvement has been so the touch, and my improvement has been so much more therough and rap 4 than I expected that I am perfectly delighted and my friends are astonished.

"I will gindly give all the information I can about my recovery to anyone who calls upon me, and I take pleasure in publicly expressing my thanks to Drs. Copeland and Graham for what they have done for me."

THEIR CREDENTIALS. Dr. Copeland is a graduate of Believue Hospital Medical Colwer, New York, was president of his class in that institution. It is associated as a gentlemen bearing credentials equally as notable as his own, and have advanced steadily with him. They represent primarily the best medical training the country affords, many years of continual practice, and entire and absolute devotion to the diseases in their specialities, wide and extended experience in treating these diseases and uniform success.
